EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Mr. Thomas Webster on 8 March 2006.
3. Please add the following paragraph at page 4, line 1 under the heading "SUMMARY OF THE INVENTION":

A system and method are described for performing gather and scatter operations on a general purpose computer. For example, a method for performing a gather operation is described which includes the operations of: computing addresses for a plurality of data elements of a matrix stored in memory, wherein each data element is identified by one of an equal plurality of indices and a base address; and wherein computing addresses comprises executing an equal plurality of EXTRACT instructions to transfer a plurality of the indices from a first storage location where the indices are stored substantially contiguously, to an equal plurality of separate storage locations, wherein each index is assigned its own separate storage location; and adding the base address to each index, wherein each addition of the base address to each index is independent of one another; retrieving each of the plurality of data elements from memory based on the computed addresses; and executing an equal
